

## Brazil lithium energy storage power supply price

#### Will Brazil's lithium battery market grow in 2030?

Sophia Costa,head of new business at Holu Solar said market analysts expect Brazil's lithium battery sector to grow at a CAGR of 20% to 30% through 2030. "We have observed that the battery energy storage system (BESS) market is booming globally with the use of lithium-ion batteries becoming a reality in many parts of the world," said Costa.

#### Is Brazil a good place to buy a lithium battery?

Brazil has only a small electric vehicle industry, and does not have facilities to process the metal so it can be used for batteries. Exports are seen as the best hope for the country's nascent lithium sector. An important raw material for battery production, lithium is key to the electric vehicle industry.
