## SOLAR PRO.

### **Solar Outdoor Color Power System**

#### What are outdoor solar lights?

Outdoor solar lights simplify exterior illumination, offering beautiful, functional lighting without the need for wiring. These lights are available in a variety of forms to help improve home safety and security, light up patios and walking paths, or create a cozy glow around your lawn, garden, or pool.

#### What are solar powered garden lights?

Solar powered garden lights are the glow-up your outdoor space deserves--no cords,no stress,just sun-powered magic. Whether you're dressing up your walkway,highlighting your favorite plants,or just want your patio to feel like a cozy retreat,solar lights make it happen--with style and zero impact on your energy bill.

#### Are urpower outdoor solar lights water-resistant?

Product Details: Number of Lights Included: Two |Dimensions (of single light): 6.1 x 4.76 x 10.55 inches |Water Protection Rating: IP65|Lighting Color: Cool white |Battery Type: Lithium-ion rechargeable battery |Battery Life: Eight to 10 hours The IP65 rating makes the Urpower Outdoor Solar Lights a water-resistant option.

#### Are outdoor solar lights eco-friendly?

Once installed,outdoor solar lights are low maintenance. These lights often use long-lasting LED bulbs,and some may need a fresh battery only every few years to maintain performance. Like other solar-powered products, these self-sufficient lights are eco-friendly and won't add a single cent to your electric bill.

#### What is a cool solar light?

Cool lights have a whiter or bluer huesuited for functional or security lightning, which means they also tend to be brighter. Some outdoor solar lights operate with a simple on/off mechanism, while others have adjustable settings and modes.

#### What are the different types of outdoor solar lights?

Based on their light output,outdoor solar lights fall into three general types: motion-activated,dusk-to-dawn,and timer-controlled. Because of solar cell size and battery capacity,the solar energy gathered is a limited resource,so consider when you want the lights to shine and for how long.
