What's happening in Turkey's lithium ion battery sector?

Bank of lithium ion batteries at the University of California San Diego Center for Energy Research in La Jolla, California, U.S. (AFP Photo) Investments in Turkey's battery sector surpassed \$1 billion this year, driven by incentives and regulations aimed at achieving an 80-gigawatt-hour storage target by 2030.

What is Turkey's first lithium phosphate battery factory?

According to rules that came into force in October, such systems must have maximum operating power of at least 2 MW. Also this week, Kontrolmatik broke ground in Ankara for Turkey's first lithium iron phosphate battery factory. Minister of Industry and Technology Mustafa Varank said the project is worth USD 180 million.

How many battery production facilities are there in Turkey?

New facilities capable of producing up to 5 gigawatt-hours of cells and batteries will be established in Ankara, Istanbul, Izmir, and Kocaeli, Usta said, adding that agreements signed this year alone exceeded \$1 billion in investments. With these new additions, the total number of battery production facilities in Turkey will reach 11.

Who is Turkey's energy storage leader?

Shaping the Future of Energy Storage - Meet Turkey's Energy Storage Leader: Pomega! The company has meticulously designed its production processes to minimize environmental impact, adhering to the highest eco-efficiency standards.

Will Turkey's battery and storage power plants be approved next year?

However, Usta noted that despite draft regulations, the legal framework for battery and storage power plants is still evolving. The first approvals are expected next year. Turkey's battery imports remained steady at around \$1.1 billion, similar to last year.

Why do we need a battery unit in Turkey?

They are convenient for immediate deployment in cases of demand spikes, drops in production and supply outages. The facility in Silivri would be the first detached battery unit in Turkey, as all other units and projects are integrated with power plants.
